signs of face aging

FACE AGING TYPE SELF-CHECK

You'll receive general face yoga recommendations, along with the opportunity to receive individual coaching or join our universal FaceLift yoga course for further support.

Check all that apply:

your dominant type will be the one with the most checked boxes

TIRED TYPE

- ☐ My skin looks dull or has a greyish tone
- ☐ The corners of my eyes or mouth are slightly drooping
- ☐ I've I see dark circles under my eyes
- ☐ I've noticed nasolabial folds or tear troughs
- ☐ My skin feels less firm and less toned
- ☐ My face seems to have lost volume

TIRED

FINE-WRINKLED TYPE

- ☐ My skin is dry or dehydrated
- ☐ I have fine lines on my forehead
- ☐ I see small wrinkles at the corners of my eyes (crow's feet)
- ☐ I have tiny vertical wrinkles around my lips
- ☐ My face looks "shrunk" or thin
- ☐ I see fine wrinkles on my cheeks or neck

DEFORMATIONAL /GRAVITATIONAL/ TYPE

- ☐ My jawline has become less defined
- ☐ I have jowls or a double chin
- ☐ I get under-eye bags or puffiness
- ☐ My upper eyelids feel heavy or droopy
- ☐ I'm prone to facial puffiness or swelling
- ☐ I see visible capillaries (couperose)

MUSCULAR TYPE

- ☐ My facial features look sharp or “skeletal”
- ☐ My eyes appear sunken or hollow
- ☐ The skin feels thinner or “empty” in some areas
- ☐ I see pronounced tear troughs or nasolabial folds
- ☐ My lips or mouth corners have drooped
- ☐ The skin feels thinner or “empty” in some areas

MUSCULAR

HOW TO INTERPRET YOUR RESULTS

- ✓ If you check mostly in one section, that's likely your dominant aging type.
- ✓ If you have a mix, you may have a combined type, which is common.
- ✓ Even just 1–2 symptoms are a gentle sign that your face is asking for care. Start addressing it now to prevent deeper changes and restore your natural beauty.

YOUR NEXT STEPS

*Take our transformational **21 Day Facelift Yoga course** is suitable for every facial aging type*

These practice suggestions are customized for each face aging type to help you work smarter, not harder — with the right frequency and focus:

TIRED (FATIGUED) TYPE

→ Practice 4–5 times per week

→ Focus on toning and relaxing muscles to restore energy and facial brightness

FINE-WRINKLE (DRY) TYPE

→ Practice 3–4 times per week

→ Add 1–2 weekly massage sessions to deeply hydrate and smooth the skin

DEFORMATION TYPE

→ Practice 5–6 times per week

→ Emphasize lymphatic drainage, lifting techniques, and posture work to reduce puffiness and sagging

MUSCULAR TYPE

Practice 2–3 times per week to avoid excessive toning and tension

→ Focus on relaxation and massage techniques
